Office of the Inspector General of Education
in Mysore, Bangalore, 25 July 1910.

Dear Sir,

With reference to your D O No 783 / Ed.33-10 dated 23 July 1910, there is no record in this office of any grant having been sanctioned specially for the present buildings of the Tata Silk Farm, Bangalore, and the language of Mr Bhabha's No 8935 / 338 dated 20th March 1904 appears to indicate that the expense of building up to that date had been borne entirely by Mr Tata

This is not readily traceable

Yours sincerely,

Inspector General.

General and Revenue

2 The cost of the building proposed to be put up appears to be 31000 Rs according to the estimate received with the plan, but from the letter it is left to be inferred that the cost will be 40000 Rs.

3 It is not clear from Mr Booth Tucker's letter whether ~~the~~ he wants the whole cost to be borne by the State or whether only a grant-in-aid is sought for. Even the amount of the grant is not specifically stated

4 From the Do. letters from the Comptr to Govt ~~of~~ × put up below it is learnt that no grant for buildings was given to the Messrs Tata for the existing buildings in the Silk Farm & that such buildings were apparently erected at their own expense.

× See Pages 4-8 & the rates put up herewith

5 The order of 10 Dec 09 ~~placing the Farm under the control of the~~ makes no promise in regard to buildings.

at this Station. Ref E.D of 10 Dec 1910 sanctioning the continuance of an annual grant contains the following condition. The above arrangement will be treated as a temporary measure for three years after which it will be open to the Government to reconsider the whole position, and if they deem fit to withdraw the concession thereby granted"

10 I am not aware that anything has transpired since, or that the Society has shown any such extraordinary progress that he should grant any further concessions to it during the probationary period or by any act such as might be construed as an estoppel against us, bind the Government to continue the grant indefinitely, whether we may or may not think it worth our while to continue it after three years.

11 In my humble opinion the S Army should be told that

13 Complaints are already heard about the trouble said to be given to the villagers of the adjoining hamlets by the new management The villagers seem to be alarmed by the methods & ways of the present managers. Until we know more of their ways of working we should not I think hold out any hopes to the Salvation Army of pecuniary aid in putting up weaving or other sheds - The Salvation Army should do what it can

Headquarters for India and Ceylon,
The Mall,—Simla

April 27th 1910.

The Honorable Mr Diwan Bahadur Ananda Rao B A
Diwan of Mysore,
Bangalore.

Sir,

In accordance with your desire I have the honour to submit herewith a plan for the weaving and reeling shed, similar to the one we have at the Sir Louis Dane Weaving School in Ludhiana, being 400 feet long by 40 feet broad

The plan and estimates have been prepared by Mr Stevens, who very kindly undertook their preparation on our behalf If His Highness's Government should so prefer, it might be arranged for the building to be put up in four sections of 100 feet each, one section this year and the other three at intervals of a year, thus extending the expenditure over a period of four years, and reducing the actual cost to Rs 10,000 per annum for building purposes

You will I am sure readily recognise that at present the enterprise is very much crippled for lack of suitable buildings We have applications from would-be students and have no accommodation for them, nor are we able to increase our reeling

apparatus, nor have we room for our weaving school

Our new managers, Mr & Mrs Graham, have thrown themselves heart and soul into the enterprise, and the specimens both of cocoons and of reeled silk which I have just submitted to the examination of experts in Bombay have received their highest commendation Mrs Tucker and I are now on our way to Europe where we hope to consult with expert authorities and to obtain the latest and most up-to-date information upon the subject.

We are arranging to visit the chief centres in France, Switzerland, Italy and England, and His Highness's Government may rely upon us to spare no pains to place the Tata Silk Farm on a thoroughly satisfactory basis.

We have also heard from the Madras Government, who have written to us to the effect that they will be glad to cooperate with us in making the institution a success, and in extending the benefits of sericulture throughout the Presidency.

I expect to return to India in August, and shall hope to communicate to you from time to time in regard to the progress of this interesting work

Meanwhile if arrangements could be made for the commencement of the building in question, this would greatly facilitate

the early extension of the work and the placing of the institution on a larger and more worthy basis

I have the honour to be, Sir,

Your most obedient servant,

J Booth Tucker

Sir,

I am directed to acknowledge receipt of your letter of the 27th April 1910 enclosing plan and estimates for ~~the~~ Weaving and Reeling Sheds proposed to be constructed in connection with the Silk Farm

over

SUBJECT

Rec'd Sept 1st

at Bangalore and to state
as follows :—

The Govt having recently
ordered the continuance of
the annual grant of Rs 2000
to the Farm ~~after it is~~
~~taken over by the Salvation~~
~~Army~~ together with the
rent free use of the lands
attached to ~~the Farm~~ for
3 years as a tentative
measure, they are not
prepared to grant any
further aid as requested for putting
up the Weaving and Reeling
Sheds at present. The
Salvation Army should do what
it can with the subsidy
already granted and
furnish a report of the
progress made at the
